❖ Insulation Solutions

■ ArmaFlex®

ArmaFlex is Armacell's product heritage. Our ArmaFlex product is manufactured across the Armacell world and customized to meet local requirements and often combined with other products into hybrid solutions.

■ Acoustic Solutions

Noise and vibration are increasingly impacting urban life. Armacell's acoustic comfort and vibration control solutions enhance the quality of life for urban residents and commuters.

■ ArmaGel™

ArmaGel next-generation aerogel based insulation technology opens up new application opportunities and end markets in a wide range of industries.

■ ArmaForm®

ArmaForm are structural PET foams, used as a core material in a wide range of composite sandwich structures and made entirely of recycled PET bottles.

■ Accessories

To complement its leading-edge equipment insulation products, Armacell supplies its customers with a wide range of added-value accessories.
